Children with Discharges During the Period - with District Prompt

Report Background   The Children with Discharges During the Period report can help users identify children discharged from foster care during a specified period.

Report Purpose   Provides Local Districts with a list of children discharged from foster care during a specified period. The report includes demographic information about the child as well as a listing of historical discharges within the period.

Target Users   Managers and supervisors from Local Districts and Regional Offices

Classification   Operational report

Prompts   Upon opening the report, users are asked to select one or more values from a list of choices for the following report prompts:

- Discharge Start Date: Select a start date for the Discharge Period.

- Discharge End Date: Select an end date for the Discharge Period.

- District: Select a district for the report.

- Activity Code: Select one or more Activity Codes for the report.

- Age Group: Select one or more Age Groups for the report.

Notes   Since this report provides detailed information, Local District staff must run this report for their own District. Data security allows Local District staff to see only activity for children in their district.

Data Item	Data Definition
Total Discharges	The total number of discharges during the selected period.
Total Distinct Children	The total distinct number of distinct children discharged during the selected period. These children are listed in the detail of the report.
Report Date	The date on which the report was run.
Data as of Date	The latest refresh date of the OCFS Data Warehouse – that is, the last time data was retrieved from CCRS. Data for this report is refreshed weekly.
County Name	The name of the Local District selected at the report prompt. (ACS is listed alphabetically as "New York City".) Since this report provides detailed information, Local District staff must run this report for their own District.
Office ID	Office ID within the District that has responsibility for the case.
Unit ID	Unit ID within Office of the District that has responsibility for the case.
Worker ID	Worker ID for the worker that has responsibility for the case
CIN	Child's CIN ID
Child Name	The full name of the child
Case ID	The Case ID associated with the CIN.

Data Item	Data Definition
Case Name	The Case Name associated with the CIN.
Gender Code	Gender of the child
Race	Race of the child
Hispanic Origin	An indicator as to whether the child is of Hispanic/Latino origin.
Activity Code	Activity code associated with the discharge. This report displays movement codes M990 (discharge), M970 (trial discharge), and M999 (track closed).
Activity Date	Date on which the discharge occurred. Dates appear in ascending order. Activities are displayed in chronological order for each Case, with the most recent activity listed first.
Birth Date	Date of birth of the child.
Age Group	Age grouping of the child at discharge.
Facility ID	The ID of the facility from which the child was discharged.
Facility Type	The facility type of the facility from which the child was discharged.
Goal Text	Permanency planning goal from the latest service assessment at the time of the Activity.
Final Discharge Reason	Recorded reason for the child's discharge.
Discharge Time in Care Number (months)	Number of months the child had been in care at the time of discharge.
