This letter is to notify you that there will be no county specific allocations established for the Jobs Opportunity and Basic Skills Program (JOBS) for the Federal fiscal year starting October 1,1990. Although the Federal allocation to New York State is capped, we are certain that there will be sufficient funding for the Federal share of all of the activities of the local districts. For budgeting purposes, you should use as a guideline the expenditure level you maintained for the Comprehensive Employment Program and add to that any expansion in expenditures you plan to make under JOBS.

Please remember that employment activites are an exempt area as far as State reimbursement of your administrative cost cap is concerned. To be eligible for this exemption, however, your expenditures would have to be in keeping with your approved JOBS Plan. Information on filing your JOB Plan is contained in 90 LCM-116 which was issued by the Division of Income Maintenance.
