ATTESTATION OF USE OF FAMILY FIRST TRANSITION FUNDS

Instruction:

This form must be completed to receive Family First Transition Funds. Please complete and return to FamilyFirstNY@ocfs.ny.gov by **June 15, 2019**. Such funds will not be used to supplant any other state or local funds. Claims for reimbursement under this appropriation will not be submitted for the same type and level of funding covered by any other state or locally authorized appropriation.

Section I

This is to certify that Madison County (insert LDSS name) plans to use the allocation of these funds authorized in the amount of \$ 30,000 toward one of the purposes listed below. This plan is subject to change based on individualized technical assistance and strategy selection. How the funds were used will be documented in the *Family First Transition Fund Progress Report (Attachment C)*. Outcomes resulting from such expenditures will be documented in the *Family First Transition Fund Outcomes Report (Attachment D)*.

Plan for use of funds: (Check all that apply.)

- Additional/enhanced targeted technical support
- Family search and engagement
- Enhancing support for foster parents
- Supporting kinship foster parents in meeting approval/certification requirements
- Improving recruitment and retention of foster families, including kinship caregivers
- Establishing administrative review teams to review proposed placements in non-kinship and congregate care settings
- Other (describe)

Section II

The LDSS agrees to participate in OCFS administered centralized technical assistance, and may receive additional technical assistance which may include one or more of the following:

- OCFS administered LDSS-specific technical assistance to assist with data analysis
- Consultant administered strategy development, system improvements and monitoring progress toward target goals

The LDSS has already received technical assistance toward the goal of reducing children in congregate care and increasing children in kinship foster care settings:

Yes No

If yes, describe:

In 2016 to 2018 we worked with WRI to complete data analysis of our foster care recruitment strategy and to enhance those strategies in hopes of having more foster homes available, including kinship homes.

Section III

Instruction:

OCFS has set statewide target goals for the percentage of children in foster care living in congregate care and kinship foster care, to be achieved by September 30, 2021, as follows: **12% congregate care placements and 30% kinship foster care placements**. To assist the state in meeting these targets, the LDSS must identify target goals to reduce congregate care and increase kinship foster care to be achieved by September 30, 2021. Progress toward these goals, as of September 30, 2020, will be documented in the *Family First Transition Fund Outcomes Report* due November 1, 2020.

Utilizing the data provided on the next page, fill in the placement percentages as of December 31, 2018. Establish and fill in target goals¹ which may also be identified in the 3-year Retention and Recruitment Plan:

1. Reduce congregate care from 29 % (on December 31, 2018) to 12 % by September 30, 2021
2. Increase kinship² foster care from 15 % (on December 31, 2018) to 30 % by September 30, 2021

Describe below how the LDSS will engage kinship resources with direct custody orders (1017) to consider becoming certified or approved foster parents

We will continue to engage family/kinship providers at the beginning of out of home placement; providing to them written information developed by OCFS as to their choices as a caregiver. In addition we will now have our home finding or adoption caseworker meet with these family members 6 to 8 weeks after they begin to provide care to discuss with them their choices again. It is believed at the time of the initial arrangement family providers are so overwhelmed with all the other case issues it is difficult for them to make a truly informed decision. Also, the home finder or adoption worker may be better able to explain what is involved in becoming a certified foster parent as well as the advantages to the children than the typical caseworker.
