APPENDIX M #1

Reasonable Distance, Recertification Period, Family Share, Very Low Income,
Federal and Local Priorities (Required)**I. Reasonable Distance**

Define “reasonable distance” based on community standards for determining accessible child care.

1. The following defines “reasonable distance”: No more than 20 miles off the direct route from the applicant/recipient’s home to employment or assigned employment activity.
2. Describe any steps/consultations made to arrive at your definition: Representatives from the Department of Social Services and members of the community met to define reasonable distance.

II. Recertification Period

The district’s recertification period for low income child care cases is every (select one):

- six months twelve months

III. Family Share

“Family Share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the district 25%.

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).

IV. Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 175% of the State Income Standard.

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.
 - a. Very low income as defined in Section IV: Rank 1 Rank 2 Rank 3
 - b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care: Rank 1 Rank 2 Rank 3
 - c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness: Rank 1 Rank 2 Rank 3
2. Does the district have local priorities?

JEFFERSON COUNTY – 2017 APU

Yes No

If yes, list below and rank beginning with Rank 4.

APPENDIX M #2

Case Openings, Case Closings, and Waiting List (Required)

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Check only **ONE** of the options listed below and describe the process for opening.

1. Open based on **FIRST COME, FIRST SERVED**.

2. Open based on **INCOME**. Check one of the boxes below:

The district will open cases starting from the lowest income to the highest income.

The district will open cases based on income bands, starting from the lowest income band to the highest income band. List the income bands, starting from the band that will be opened first:

3. Open based on **CATEGORY OF FAMILY**.

List below the remaining category 2 and 3 families included in 18 NYCRR §415.2(a)(2) and 18 NYCRR §415.2(a)(3) that are not federal or local priorities in the order they will be opened first.

4. Open based on **INCOME AND CATEGORY OF FAMILY**.

List below the incomes (from lowest to highest income) or income bands (from lowest income band to highest income band), and the remaining category 2 and 3 families included in 18 NYCRR §415.2(a)(2) and 18 NYCRR §415.2(a)(3) that are not federal or local priorities in the order they will be opened first.

The guaranteed populations will be served first. Priority will be given to employed Temporary Assistance (TA) recipients or for those participating in the mandated employment and training activities. Families eligible for Transitional services whose TA case closed due to excess earned income, child support, client's request, or the client chooses to receive day care assistance in lieu of TA.

If funding still exists once the guaranteed population is open, the following categories of families with income below 175% of the poverty level will be opened:

2. Teen parents attending high school

JEFFERSON COUNTY – 2017 APU

3. Child protective cases

Once these categories of low income families have been served the remaining families listed in Appendix L will be opened in exactly the order they are listed as Optional Categories #1 - #11.

Once the above categories are open we will open categories that fall between 175% and 200% of the poverty level.

5. Open based on **OTHER CRITERIA**.

Describe the criteria the district will use to select cases to be opened:

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. **After the federal and local priorities**, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Check only **one** of the options for closing listed below and describe the process for closing.

1. Close based on **AMOUNT OF TIME** receiving child care services.

Check **one** of the boxes below:

The district will close cases starting from the shortest time receiving child care services to the longest time.

The district will close cases starting from the longest time receiving child care services to the shortest time.

2. Close based on **INCOME**.

JEFFERSON COUNTY – 2017 APU

Check one of the boxes below:

- The district will close cases starting from the highest income to the lowest income.
- The district will close cases based on income bands, starting from the highest income band to the lowest income band. List the income bands starting from the band that will be closed first:
3. Close based on **CATEGORY OF FAMILY**.
List the category 2 and 3 families included in 18 NYCRR §415.2(a) that are not federal or local priorities in the order they will be closed.
4. Close based on **INCOME AND CATEGORY OF FAMILY**.
List below the incomes (from the highest to lowest income) or income bands (from the highest income band to the lowest income band), and the category 2 and 3 families included in 18 NYCRR §415.2(a) that are not federal or local priorities in the order they will be closed.
5. Close based on **OTHER CRITERIA**.
Describe the criteria the district will use to select cases to be closed:

III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

- No.
- Yes.

JEFFERSON COUNTY – 2017 APU

APPENDIX M #3

Fraud and Abuse Control Activities and Inspections (Required)

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

Our current plan includes approved indicators requiring a referral for investigation applicable on all Child Care applications in question. The Department also receives many applications for Child Care where cases are currently open Temporary Assistance and Medicaid. Similar indicators have been approved for FEDS plans on both of these programs therefore a FEDS investigation would have been done. Current FEDS indicators for the Child Care Program are:

- Prior history of denial, case closing, or overpayment resulting from an investigation (including outstanding parent fee from previous case closure).
- Application is inconsistent with prior case information.
- Household composition or current residence is questionable.
- Applicant is self-employed but without adequate business records to support financial assertions.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Jefferson County Department of Social Services (DSS) Investigation's staff will provide on-site inspections/activity checks of informal day care provider homes receiving daycare subsidy payments from the Department. Investigation's staff will include both verification of service provided and the legitimate need of the recipient. Up to 240 visits to informal providers/recipients can be completed during a one year period. Visits will be completed by designated DSS Investigators to verify providers are caring for children as claimed. DSS Investigations will randomly pick cases for audit each month. Approximately 10 cases are selected each month by pulling every tenth recipient case from a monthly roster, provided they have not been previously sampled within the last 60 days. Investigations will total approximately 120 annually. Child attendance forms will be checked against the applicant's history of participation in employment, education or other federally qualifying work-related activities.

Investigators will observe and document the conditions of informal day care sites. Providers/recipients may be visited 2-3 times as required. DSS Investigations will make recommendations regarding safety issues as well as payment issues. Said recommendations will be shared by DSS Investigators with the enrollment agency as needed. The integrity and quality of service that is provided to Jefferson County children will be improved by closer monitoring by DSS and the enrollment agency. These investigations will supplement rather than substitute for the annual on-site inspection/reviews of the enrollment agency. In addition, DSS will audit a sample of no less than 248 cases where we will compare the billing submitted to the hours worked

JEFFERSON COUNTY – 2017 APU

for that billing month for those clients that are employed. Clients who are attending school or an approved program will be asked for grades each semester to make sure that they are attending the program the number of hours approved and so that we know they are progressing toward the goal of self-sufficiency.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

The records of no less than 59 CACFP providers will be reviewed against billing submitted to the district for the same period (providing we have 59 CACFP providers that accept our clients). CAPC will conduct the reviews on behalf of the Agency.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

- Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

1. Does the district choose to make inspections of such child care providers/programs?

No.

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district’s jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: *The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is “not applicable” to the specific provider/person named on the referral list.*

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

- a. The district will not apply this additional local standard when the applicable person *resides* outside of the subsidy-paying district.
- b. The district will not apply this additional local standard when the *program’s site of care is located outside* of the subsidy-paying district.
- c. The district will not apply this additional local standard when *the informal provider is younger than 18 years* of age.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

- Local social services staff
Provide the name of the unit and contact person:
- Contracted agency
Provide the name of the agency and contact person: Jefferson-Lewis Child Care Project Cathy Brodeur, Director

4. Are there any fees or other costs associated with the additional local standard?

Yes No

Note: *Costs associated with the additional local standard cannot be passed on to the provider.*

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been “met,” “not met”, or is “not applicable”, and monitor its timeliness. Include all agencies involved and their roles. Note that the district’s procedures must be in accordance with 12-OCFS-LCM-01.

The district (or the District’s Contractor) will provide a local form, Authorization to Conduct and Release of Information Resulting from Criminal Background Check (JC-1211) with each enrollment packet. The provider/caregiver will be instructed to return the

JEFFERSON COUNTY – 2017 APU

enrollment packet, including a complete and signed JC-1211 directly to the Enrollment Agency. The provider/caregiver will be informed that failure by provider/caregiver or any other applicable person listed in #2 to sign the JC-1211 will prevent the enrollment process from moving forward, the enrollment package will be considered incomplete and will be withdrawn by the enrollment agency. The JC-1211 will be used by the district and/or the district contractor as authorization to conduct a criminal background check on individuals enrolling as a legally-exempt Family or In-Home provider/caregiver, or employee or volunteer of the legally-exempt provider/caregiver, or for Family Child Care any adult, age 18 and older, living in the residence where child care is provided. The JC-1211 will authorize the district to release any information acquired as a result of a criminal background check to the Jefferson-Lewis Child Care Project, the enrollment agency. The JC-1211 will also serve as notice to the Family or In-Home legally-exempt provider/caregiver, their employees or volunteers, and for Family Child Care any adult, age 18 and older, living in the residence where child care is provided that any information acquired as a result of a criminal background check may be retained by the district and the enrollment agency. When a signed Authorization to Conduct and Release of Information Resulting from Criminal Background Check (JC-1211) is received the district contractor will document receipt of the form in CCFS. Authorized district staff will receive e-notice from CCFS of the receipt of a signed JC-1211. The e-notice will serve as notice to authorized district staff to run the CCFS report, Legally-Exempt Additional local standard Referral List and obtain a list of applicable person as specified in question #2 of this section and conduct a criminal background check, specifically looking for criminal convictions, utilizing records available through local and state databases which include, but are not limited to, the Jefferson County Clerk's office, Jefferson County Sheriff's Department, Watertown Police Department, local police agencies within Jefferson County, Jefferson County Probation, New York State Department of Corrections and Community Supervision, as arranged by the district. When a background search results in a criminal convictions history the district contractor will provide the criminal convictions history to the enrollment agency. The enrollment agency will review the criminal convictions history, determine if there are any discrepancies from the information provided in the enrollment form, and take the appropriate action when required. When all required criminal background checks have been completed, the contractor will notify the authorized district staff using a local form, Criminal Background Checklist.

The additional standard is "met" when the provider/caregiver, and applicable persons listed in #2 have cooperated by submitting a signed JC-1211 and all criminal background checks have been completed. The additional standard is considered to be "not met" when the district contractor and the district are not able to conduct the required criminal background checks due to a lack of cooperation by the provider/caregiver or any other applicable person listed in #2.

The district or the district contractor will notify the enrollment agency whether the additional standard is "met" or "not met" using OCFS-2114.

6. Indicate how frequently the additional local standard will be applied. Answer both questions.
 - a. The Standard will be applied:

JEFFERSON COUNTY – 2017 APU

- i. At initial enrollment and re-opening
 - ii. At each re-enrollment
- b. The district will assess compliance with the additional local standard:
- i. *During the enrollment review period*, and, the district will notify the Enrollment Agency of the results within 25 days from the E-Notice referral date.
 - ii. *During the 12-month enrollment period*, and, the district will notify the Enrollment Agency of the results promptly. Note that this option is always applicable to an additional local standard requiring participation in CACFP.
7. Describe the justification for the additional local standard in the space below.
- The additional standard was added as a result of an internal audit conducted by the district of our legally-exempt child care and legally-exempt in-home child care providers. The district found that approximately 25% of our providers had failed to disclose in the enrollment form that they had a criminal conviction history.

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district’s jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: *The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is “not applicable” to the specific provider/person named on the referral list.*

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

- a. The district will not apply this additional local standard when the applicable person *resides* outside of the subsidy-paying district.
- b. The district will not apply this additional local standard when the *program’s site of care is located outside* of the subsidy-paying district.
- c. The district will not apply this additional local standard when *the informal provider is younger than 18 years* of age.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Local social services staff
Provide the name of the unit and contact person: Day Care Kimberly Leonard,
Income Maintenance Supervisor

Contracted agency
Provide the name of the agency and contact person: Jefferson-Lewis Child Care
Project Cathy Brodeur, Director

4. Are there any fees or other costs associated with the additional local standard?

Yes No

Note: *Costs associated with the additional local standard cannot be passed on to the provider.*

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been “met,” “not met”, or is “not applicable”, and monitor its timeliness. Include all agencies involved and their roles. Note that the district’s procedures must be in accordance with 12-OCFS-LCM-01.

JEFFERSON COUNTY – 2017 APU

The district will provide a local form, “County Department of Social Services Child Abuse and Maltreatment History Attestation Form” with each enrollment packet. The provider/caregiver will be instructed to return the enrollment packet, including a complete and signed attestation form directly to the district contractor. This will be used by the district as authorization to conduct a check of the local child welfare records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker per 18 NYCRR § 415.4(f)(7)(ii).

When a signed County Department of Social Services Child Abuse and Maltreatment History Attestation Form is received the district contractor will document receipt of the form in CCFS. Authorized district staff will receive e-notice from CCFS of the receipt of a signed authorization. The e-notice will serve as notice to authorized district staff to run the CCFS report, Legally-Exempt Additional local standard Referral List and obtain a list of applicable person as specified in question #2 of this section. To initiate the additional standards check, per 12-OCFS-LCM-01, the Child Care Facility System will automatically generate the E-Notice, LE-CCFS LD-003 Legally Exempt Additional Standard Referral, to inform the local district that the additional standards check must be conducted. Designated district staff must run the CCFS report, LE Additional Local Standard Referral List to obtain the list of persons subject to the additional local standard as, specified in question # 2 above, to obtain specific information regarding the child caregiver(s) for whom Legally Exempt Additional Standard Reviews must be conducted.

The local district will initiate a check of the local child welfare database to determine whether applicable person(s) as specified in question #2 of this section are an indicated subject of a child abuse or maltreatment report. When the local records check reveals that an applicable person as specified in question #2 of this section is an indicated subject of a child abuse or maltreatment report the enrolling provider/caregiver will be required to submit to the district a copy of their written statement to the parent/caretaker disclosing the circumstances of the indicated incident(s). The statement must be signed by the parent/caretaker acknowledging the provider/caregiver has disclosed the indicated incident and that the parent/caretaker's is choosing to utilize the provider/caregiver for child care services. The district will compare the information disclosed to the parent/caretaker in the written statement to the information acquired through the local records check. When the information disclosed to the parent/caretaker does not substantially correlate with the information acquired through the local records check the district will notify the provider/caregiver that he/she has (10) calendar days to clarify the discrepancies in the information. The provider/caregiver will be required to submit additional information to the district and to the parent/caretaker that substantially correlates with the information acquired through the local records check or documentation that the information acquired through the local records check is inaccurate. Failure to clarify any discrepancies will be cause for the district to notify the enrollment agency that the additional standard has not been met. When the information disclosed to the parent/caretaker substantially correlates with the information acquired through the local records check and the parent/caretaker chooses to utilize the provider/caregiver for child care services the district will notify the enrollment agency, within 25 days of the CCFS E-Notice Referral date, that the additional standard has been met using the OCFS-2114.

JEFFERSON COUNTY – 2017 APU

The district will notify the Enrollment Agency of its determination within 25 days of the CCFS E-Notice Referral date, using the OCFS 2114, as follows:

The additional standard is “met” when:

- The local records check is conducted as specified in question #5 and the local records check reveals that an individual specified in question #2 above is NOT an indicated subject of a child abuse or maltreatment report, or
 - The local records check reveals that an individual specified in question #2 above IS an indicated subject of a child abuse or maltreatment report and:
 - o The district determines that the provider has given the parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question #2, or
 - o The search of the local records does NOT find that an individual specified in question #2 above is an indicated subject of a child abuse or maltreatment report.

The additional standard is “not met” when:

- The local records check reveals that an individual specified in question #2 IS an indicated subject of a child abuse or maltreatment report and the district determines that the provider has NOT given the parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question #2.

6. Indicate how frequently the additional local standard will be applied. Answer both questions.
- a. The Standard will be applied:
 - i. At initial enrollment and re-opening
 - ii. At each re-enrollment
 - b. The district will assess compliance with the additional local standard:
 - i. *During the enrollment review period*, and, the district will notify the Enrollment Agency of the results within 25 days from the E-Notice referral date.
 - ii. *During the 12-month enrollment period*, and, the district will notify the Enrollment Agency of the results promptly. Note that this option is always applicable to an additional local standard requiring participation in CACFP.

7. Describe the justification for the additional local standard in the space below.

It is the intention of the district to verify that provider/caregivers are accurately and fully disclosing information related to all incidents where the provider or an applicable person as specified in question #2 of this section has been an indicated subject of a child abuse or maltreatment report. The additional standard supports 18

JEFFERSON COUNTY – 2017 APU

NYCRR (f)(7)(ii), a State requirement for person(s) who request to enroll as a legally-exempt provider/caregiver to provide subsidized child care and others who may be present at the child care location to accurately disclose information related to indicated child abuse or maltreatment reports. The additional standard promotes a safer child care environment for children receiving subsidized child care.
