APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities, Inspections (Required)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”: Within one hour travel time from daycare site to work site or work site to daycare site.

Describe any steps/consultations made to arrive at your definition: This has been the established/approved DHS policy.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as **165%** of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share and justify this percentage decision. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county **35%**.

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).

Fraud and Abuse Control Activities

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district's front-end detection system.

Monroe County utilizes two methodologies for identifying and investigating fraud: Front End Detection System (FEDS) and Back End Detection System (BEDS).

FEDS

FEDS referrals on Child Care cases are determined at all eligibility interviews using the Electronic Investigation System and the Child Care/Day Care Indicators as approved in the FEDS Plan. Below list Monroe County's Child Care Indicators:

Child Care Indicators for Provider Daycare:

- Over Capacity
- Hours of Care do not match hours approved/hours parent(s) are working
- Over Billing/No Absences
- Signature on Attendance Sheets are Questionable
- Care not being provided at approved location
- Parents claim they did not sign timesheets/signed blank timesheets
- In-Home provider may be working during hours claimed for children

Child Care Indicators for Clients

- No absent parent information
- Not in an approved activity
- Work/activity hours do not match daycare hours
- Prior History of constant denials, case closings, IPV, Fraud
- Care not being provided at approved location

Income Eligible Child Care eligibility staff will screen new applications for assistance as they are received. A Senior Eligibility Evaluator will complete a Child Care FEDS referral for all applications having an approved indicator. Child Care FEDS referrals will be sent to and processed by the Monroe County Special Investigations Unit Investigators. Collateral contacts may be made, DMV Searches, City Tax Assessment, County Clerk Search, Department of Labor Search, U.S. Postal check, landlord, employer, a review of case file, a home visit, and related items as necessary depending on the Child Care Indicators.

The application process will not be interrupted while waiting for the results of an investigation.

BEDS

In addition to the Front End Detection investigations, Monroe County employs a Back End Detection System (BEDS) for investigative activity as well. There are a growing number of children being cared for by legally exempt providers in the child's home. The local Child Care Council does not have authority or oversight for this group of Legally Exempt providers. Monroe County DHS has found a relatively high incidence of fraudulent activity, including collusion between parent and provider in these cases.

MONROE COUNTY – 2015 APU

During the course of any fraud investigation (provider fraud or parent fraud) the LDSS may make announced or un-announced site visits during a provider's licensed care hours. For legally-exempt providers, announced or un-announced site visits will occur during the hours they are authorized to provide care. The OCFS licensor or the Child Care Council staff often assist the LDSS throughout the investigation.

Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

As a BEDS activity, Monroe County will be generating a monthly report and conduct an investigation of new day care authorizations where the day care is being provided in the legal residence of the child. For those cases reviewed within the first 90 days of day care authorization, Monroe County investigators will conduct a site visit at addresses where the day care is being provided in the legal residence of the child to verify that the care is being provided and confirm the provider identity.

In addition to the BEDS investigations of in-home care, the LDSS will investigate all cases involving: referrals received through the LDSS fraud hotline, from OCFS, from Child Care Council, from internal daycare payables. Monroe County will investigate absent parents, parents employed by a temp agency or working varying hours, self-employed parents, and parents out of compliance with OTDA/OCFS/LDSS program mandates.

The LDSS daycare payables staff reviews all attendance information utilizing the Child Care Time & Attendance (CCTA) system to identify providers who may be billing the LDSS for care provided outside their licensed/statutory authority (i.e, over-capacity, non-traditional hours, etc) and refer investigations for those cases with anomalies in provider/parent signatures, parent fees and dates attended vs. dates authorized.

Child Care Authorizations are for 1 year. Two months prior to the recertification date, a batch mail is sent out with a renewal application along with instructions on what supporting documents need to be included is re-applying/renewing child care subsidy. The Day Care Evaluator for the case will review the materials and notify the parent(s) if any additional information is needed or something is missing. Supervisors complete a random sample supervisory review of 6% of all cases to ensure quality and consistency in case processing.

For new child care cases that have been opened where there were not complete supporting documentation (i.e., parents started new job and had only 1 or 2 pay stubs), the Day Care Evaluator will follow-up with the parent to secure any additional documentation needed.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

When Monroe County is investigating a case of suspected child care fraud, the investigators will reach out to the OCFS licensor or the Child Care Council to ensure that the any Child and Adult

MONROE COUNTY – 2015 APU

Care Food Program inspection forms match MCDHS Child Care Time & Attendance (CCTA) records. Specifically, the MCDHS Investigator will email the Child Care Council or the OCFS licensor to inquire if the subject of the fraud investigation is enrolled in and receiving services via the Child and Adult Care Food Program. If they are, they will ask for copies of the inspection forms that correspond to the time period under investigation and review them to ensure that information is consistent. If discrepancies between the Child and Adult Care Food Program inspection forms and the CCTA records are discovered, the Investigator will notify either the OCFS licensor or Child Care Council and share any pertinent information. Investigation of any discrepancies involving the Child and Adult Care Food Program records is the responsibility of OCFS licensor or the Child Care Council.

Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of a provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district Per 18 NYCRR 415.4(h) (3).
