Appendix M #1: Reasonable Distance, Recertification Period, Family Share, Very Low Income, Federal and Local Priorities

I. Reasonable Distance

Define "reasonable distance" based on community standards for determining accessible child care.

1. The following defines "reasonable distance":

The maximum amount of travel time is two hours each way (two hours to child care and two hours returning from child care) Mode of transportation and distance must be considered when calculating the maximum amount of travel time.

2. Describe any steps/consultations made to arrive at your definition:

Consultations with CDTA as well as with clients to determine the amount of time it takes to get from the two furthest points of the county using public transportation.

II. Recertification Period

The district's recertification period for low income child care cases is every:

- Six months
 Twelve months

III. Family Share

"Family Share" is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the district:

25%

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).

IV. Very Low Income

Define "very low income" as it is used in determining priorities for child care benefits.

"Very Low Income" is defined as **160%** of the State Income Standard.

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

a. Very low income as defined in Section IV:

- Rank 1
- Rank 2
- Rank 3

b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care:

- Rank 1
- Rank 2
- Rank 3

c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness:

- Rank 1
- Rank 2
- Rank 3

2. Does the district have local priorities?

- Yes
- No

If yes, list them below and rank beginning with Rank 4.

Appendix M #2: Case Openings, Case Closings, and Waiting List

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Select one of the options listed below and describe the process for opening.

- 1. Open cases based on **FIRST COME, FIRST SERVED**.
- 2. Open cases based on **INCOME**.

If opening based on income...

- The district will open cases starting from the lowest income to the highest income.

The district will open cases based on income bands, starting from the lowest income band to the highest income band.

If using income bands, list the bands, starting from the one that will be opened first:

The first income band to be opened will be 100-160% and the second income band that will be open is 161-200%.

- 3. Open cases based on **CATEGORY OF FAMILY**.
- 4. Open cases based on **INCOME AND CATEGORY OF FAMILY**.
- 5. Open cases based on **OTHER CRITERIA**.

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. **After the federal and local priorities**, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Select one of the options listed below and describe the process for closing.

- 1. Close cases based on **AMOUNT OF TIME** receiving child care services.
- 2. Close cases based on **INCOME**.

If closing based on income...

- The district will close cases starting from the highest income to the lowest income.
- The district will close cases based on income bands, starting from the highest income band to the lowest income band.

If using income bands, list the bands, starting from the one that will be closed first:

This first income band that will be closed is 161-200% and the second band that will be closed is 100-160%.

- 3. Close cases based on **CATEGORY OF FAMILY**.
- 4. Close cases based on **INCOME AND CATEGORY OF FAMILY**.
- 5. Close cases based on **OTHER CRITERIA**.

III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

No

Yes

Appendix M #3: Fraud and Abuse Control Activities and Inspections

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

Rensselaer County currently has two types of referrals used to refer cases to our Special Investigation Unit.

The first referral is called the Absent Parent Referral. This referral is made when a parent abruptly leaves the home with no forwarding address.

The second referral is the FEDS Investigation Referral. This referral is a front-end detection referral and it is made when risk factors such as a history of fraud, inconsistent application, inconsistent billing information, applicants who recently moved to Rensselaer County, apparent forgery, or an applicant that uses a P.O. box without an adequate explanation are present. When one of these risk factors are present, the child care unit is responsible for filling out a referral form and sending the form to the Fraud unit.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

The district cannot use criteria such as the age of provider, the gender of provider, a post office box address, or evidence that the child lives in the same residence as the provider as indicators in drawing the sample.

Rensselaer County uses information received from our Fraud Department to determine if further employment verification is needed. The Department also looks at applicants with risk factors such as an unstable employment history, inconsistent household composition, returned mail, inconsistent absent parent information, caregivers that are unable to be contacted at work, questionable documents, a history of fraud, a history of over-payments, or any other inconsistencies that would warrant verification.

In situations where any of the above risk factors are present, employers may be contacted, a fraud referral could be made, collateral contacts may be made, or a face to face meeting could be arranged.

The process of recognizing "red flags" and initiating further investigations have resulted in quality control beyond the normal eligibility determination.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Child care subsidy attendance forms will be compared with the adult and child care food program (CACFP) inspection forms for all providers that participate in CACFP to verify that child care was actually provided on the days listed on the attendance forms. The Capital District Child Care Coordinating Council will secure the inspection form records from providers that participate in CACFP and meet with the supervisor of the daycare unit to compare them with the subsidy attendance records. This will be done quarterly with all providers that participate in CACFP and care for subsidized children.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

1. Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
2. Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers/programs?

- No.
- Yes. Provide the details of your inspections plan below.

The following *types* of subsidized child care providers/programs are subject to this requirement:

- Legally-Exempt Child Care**
- In-Home
 - Family Child Care
 - Group programs not operating under the auspices of another government agency
 - Group programs operating under the auspices of another government agency
- Licensed or Registered Child Care**
- Family Day Care
 - Registered School-Age Child Care
 - Group Family Day Care
 - Day Care Centers
 - Small Day Care Centers

Appendix Q: Additional Local Standards for Child Care Providers

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for **each** additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent/release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

1. Select the additional local standard that will be required of child care providers/programs.

Verification, using the district's local records, that the provider has given the caretaker complete and accurate information regarding any report of child abuse or maltreatment in which he or she is named as an indicated subject

Local criminal background check

Require providers caring for subsidized children for 30 or more hours a week participate in the Child and Adult Care Food Program (CACFP).

Note that districts are required to notify the Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, of all providers on the referral list for whom the requirement is "not applicable."

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider/person named on the referral list.

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

a. The district will not apply this additional local standard when the applicable person **resides** outside of the subsidy-paying district.

b. The district will not apply this additional local standard when the **program's site of care is located outside** of the subsidy-paying district.

c. The district will not apply this additional local standard when **the informal provider is younger than 18 years** of age.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Local social services staff
Provide the name of the unit and contact person:

Contracted agency (must correspond to Appendix K, Question 3b)

Provide the name of the agency and contact person:

Capital District Child Care Coordinating Council- Patti Mueller

Note: Costs associated with the additional local standard cannot be passed on to the provider.

4. Are there any fees or other costs associated with the additional local standard?

Yes

No

Note: Costs associated with the additional local standard cannot be passed on to the provider.

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been "met," "not met" or is "not applicable" and monitor its timeliness. Include all agencies involved and their roles. Note that the district's procedures must be in accordance with 12-OCFS-LCM-01.

The district will include a release form in the enrollment packets that it distributes to parents/caretakers which will authorize the Rensselaer County Department of Social Services to conduct a check of the local child welfare records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker per 18 NYCRR (f)(7)(ii). The individuals specified in question #2 above will be asked to sign the release. The records check will be required only for the types of child care specified in question #2 and will be required only to persons in the roles specified in question # 2.

The signed release(s) specified in question #2 is/are required, for all persons in the roles, for the enrollment packet to be considered complete. If any of the individuals checked in question #2 above refuse to sign the release allowing Rensselaer County Department of Social Services to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered incomplete and the enrollment process would not move forward. The enrollment packet will be withdrawn by the enrollment agency in accordance with State policy.

To initiate the additional standards check per 12-OFS-LCM-01, the Child Care Facility System will automatically generate the E-Notice: LE-CCFS LD-003 Legally Exempt Additional Standard Referral, to inform the local district that the additional standards check must be conducted. Designated district staff must run the CCFS report and the LE Additional Local Standard Referral List to obtain the list of persons subject to the additional local standard, as specified in question #2 above, to obtain specific information regarding the persons for whom Legally Exempt Additional Standard Reviews must be conducted.

The local district will conduct the check of the local database to determine whether an individual checked in question #2 above is an indicated subject of a child abuse or maltreatment report. When the local records check reveals that an individual specified in question #2 above is an indicated subject of a child abuse or maltreatment report, the proposed child care provider will be required to submit to Rensselaer County Department of Social Services a copy of the written statement provided to the parent/caretaker concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider despite the indication.

If the information regarding the indicated child protective report submitted by the provider does not substantially correlate with the information obtained during the local records check related to the child

care attestations, the Rensselaer County Department of Social Services will notify the provider that he or she has ten (10) calendar days to clarify the discrepancies in the information submitted to the district and parent/caretaker. Within the ten (10) calendar day period the provider must submit information to Rensselaer County Department of Social Services and the parent/caretaker that either substantially correlates with the information obtained by the district's local database check of the records related to the child care attestations or that documents that the information obtained from the local database check of the records related to the child care attestations is inaccurate.

Rensselaer County Department of Social Services will complete the OCFS 2114 and send it to the applicable EA to notify the EA of the determination, as follows:

Not Met:

- If the provider fails to clarify the discrepancies to the Rensselaer County Department of Social Services

Met:

-when the local records check does not reveal a record wherein the person was an indicated subject of a child abuse or maltreatment report.

- If the information regarding the indicated child protective report submitted by the provider to the parent/caretaker and the local district correlates with the information obtained from the local database check and the parent/caretaker still chooses to use the provider.

6. Indicate how frequently the additional local standard will be applied. Answer both questions.

1. The Standard will be applied:

- At initial enrollment and re-opening
- At each re-enrollment

2. The district will assess compliance with the additional local standard:

- During the enrollment **review** period*, and the district will notify the Enrollment Agency of the results within 25 days from the E-Notice referral date.
- During the 12-month enrollment period*, and the district will notify the Enrollment Agency of the results promptly. Note that this option is always applicable to an additional local standard requiring participation in CACFP.

7. Describe the justification for the additional local standard in the space below.

The local district wants to make sure that providers have told parents/caretakers about known child protective histories for themselves and any other persons specified in #2. The additional standard supports 18 NYCRR (f)(7)(ii), a State requirement for enrollment which requires the provider and relevant site persons to give the parent/caretaker true and accurate information regarding indicated child protective reports. The additional standard verifies the provider is telling the truth on the enrollment form. This promotes safer child care for children by verifying that true and accurate information about a caregiver's history has been shared with the child(ren)'s parent/caretaker.

Appendix R: Payment to Child Care Providers for Absences

1. The following providers are eligible for payment for absences (check all that are eligible):

- Day care center
- Group family day care
- Family day care
- Legally-exempt group
- School-age child care

2. Our district will only pay for absences to providers with which the district has a contract or letter of intent.

- Yes
- No

3. Base Period:

- 3 months
- 6 months

4. Number of absences allowed per child during base period:

Period	Routine Limits (# of days)	Extenuating Circumstances (# of days)	Total Number of Absences Allowed (# of days)
In a Month	12	3	15
Base Period	12	8	20

5. List reasons for absences for which the district will allow payment:

The district will allow 12 absences per 3-month period. Absences for children are based on extenuating circumstances or illness. If a parent chooses to use the absences in one month he or she will be responsible for any additional absences. The district will not pay for a child to be absent from one program and reimburse another nor will we pay for absences that are not temporary (for example: the child does not return to the program). Parents are required to notify Rensselaer County DSS and the provider of planned breaks in services so that payment is suspended but the child's slot is held.

6. List any limitations on the above providers' eligibility for payment for absences:

The district will not consider a child absent if the program was not open and providing care. Program closures at the discretion of the provider will not be reimbursed. Also, providers need to sign an MOU

with RCDSS in order to be paid for absences. Absences must be temporary (meaning that the child must return to the program).

*Note: Legally-exempt family child care and in-home child care providers are **not** eligible to receive payment for absences.*

Appendix S: Payment to Child Care Providers for Program Closures

1. The following providers are eligible for payment for program closures:

- Day care center
- Group family day care
- Family day care
- Legally-exempt group
- School-age child care

2. The district will only pay for program closures to providers with which the district has a contract or letter of intent.

- Yes
- No

3. Enter the number of days allowed for program closures (maximum allowable time for program closures is five days):

4. List the allowable program closures for which the district will provide payment.

Note: Legally-exempt family child care and in-home child care providers are not allowed to be reimbursed for program closures.

Appendix T: Transportation, Differential Payment Rates, Enhanced Market Rate for Legally-Exempt Family and In-Home Providers, and Sleep

1. Are there circumstances where the district will reimburse for transportation?

- No
- Yes

2. If the district will reimburse for transportation, describe any circumstances and limitations the

district will use to reimburse. Include what type of transportation will be reimbursed (public and/or private) and how much your district will pay (per mile or trip). Note that if the district is paying for transportation, the Program Matrix in the Welfare Management System (WMS) should reflect this choice.

II. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four (4) differential payment rate categories. For the two (2) categories that require a state minimum five percent (5%) differential payment rate, the district must enter "5%" or, if it chooses, a higher rate up to 15%.

The other two (2) differential payment rate categories in the table below are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). Note that if the district selects a differential payment rate for nationally accredited programs, then that rate must be in the range of five percent (5%) to 15 percent (15%).

Differential Payment Rate Category	Differential Payment Rate Percent	Instructions
Homelessness: Licensed and Registered Providers State required minimum of 5%	5%	Enter a percentage (%): 5% to 15%. (Must enter at least 5%)
Homelessness: Legally-Exempt Providers	0%	Enter 0% or a percentage (%) up to 15%.
Non-traditional Hours: All Providers State required minimum of 5%	5%	Enter a percentage (%): 5% to 15%. (Must enter at least 5%)
Nationally Accredited Programs: Licensed and Registered Providers <i>Legally-exempt child care providers are not eligible for a differential payment rate for accreditation.</i>	0%	Enter 0% or a percentage (%) from 5% to 15%.

2. Generally, differential payment rates may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. However, if your district wants to establish a payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

III. Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

1. Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have completed 10 or more hours of training annually and the training has been verified by the legally-exempt caregiver enrollment agency.

- No
- Yes

2. If yes, indicate percent, not to exceed 75% of the child care market rate established for registered family day care.

75%

IV. Sleep

1. Does the district choose to pay for child care services while a caretaker that works a second or third shift sleeps?

No

Yes

2. The following describes the standards the district will use to evaluate whether to pay for child care services while a caretaker that works a second or third shift sleeps, as well as any limitations pertaining to payment:

If requested, Rensselaer County will provide child care assistance for a single caretaker home with children that are under school aged when the parent/caretaker works the second or third shift and needs to sleep during the day. Rensselaer County will provide childcare assistance for up to 30 hours a week.

If the daycare provider/legally exempt provider comes to the home and watches the children at night while the parent/caretaker works and during the day while the parent/caretaker sleeps, the district will pay a full time weekly rate for the night care. The care provided during the day, if provided for at least six hours, will be reimbursed at the full time weekly rate divided by five to determine the daily rate. If the care provided during the day is less than six hours per day, the part time rate will apply.

3. Indicate the number of hours allowed by your district per day (maximum number of hours allowed is eight).

Appendix U: Child Care Exceeding 24 Hours, Child Care Services Unit, Waivers, and Breaks in Activities

I. Child Care Exceeding 24 Hours

1. Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other situations where the caretaker's approved activity necessitates care for 24 hours on a limited basis. Check below under what circumstances the district will pay for child care exceeding 24 hours.

On a short-term or emergency basis

The caretaker's approved activity necessitates care for 24 hours on a limited basis

2. Describe any limitations on the payment of child care services that exceed 24 consecutive hours.

Child care services that exceed 24 consecutive hours will be paid when it is for employment purposes. (For example, a medical worker that works a double shift.) Verification of work hours must be

provided by the client to the county. The County will only pay for hours that the caretaker is actually working, not for on-call hours where the caretaker is not working but waiting to be called into work.

II. Child Care Services Unit (CCSU)

1. Indicate below if your district will include 18-, 19-, or 20-year-olds in the CCSU for determining family size and countable family income.

a. The district will include the following in the CCSU (check all that apply)

- 18-year-olds
- 19-year-olds
- 20-year-olds

OR

b. The district will only include the following in the CCSU when it will benefit the family (check all that apply)

- 18-year-olds
- 19-year-olds

2. Describe the criteria your district will use to determine whether or not 18-, 19-, or 20-year olds are included in the CCSU.

III. Waivers

1. Districts have the authority to request a waiver of any regulatory provision that is non-statutory. The waiver must be approved by OCFs before it can be implemented. Describe and justify why your district is requesting a waiver.

IV. Breaks in Activities

1. Districts may pay for child care services for low-income families during breaks in activities either for a period not to exceed two weeks or for a period not to exceed four weeks when child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period. If your district will pay for breaks in activities, indicate below for how long of a break that the district will pay for (check one):

- Two weeks
- Four weeks

2. Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low-income families are eligible for child care services during a break in activities (check all that are eligible):

- Entering an activity

Waiting for employment

On a break between activities
