SHEILA J. POOLE
Commissioner

January 10, 2022

Dear Chief Executive Officer,

Thank you for submitting Columbia County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2021-2022. Your entire STSJP plan, including any amounts listed for PY 2021-2022 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2022, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2021 to September 30, 2022. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE: Cooperative Applications Submitted Jointly by Two or More Counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. MUNICIPALITY LEVEL ANALYSIS

- Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS), enter the youth justice system, are remanded to detention, and/or are residentially placed; and
 - Discuss what factors may be contributing to these high numbers:
 - 12534, addition all of Columbia County. 12017, 12029, 12037, 12050, 12060,12075, 12106, 12115, 12125, 12130, 12132, 12136, 12165, 12172, 12173, 12174, 12184, 12195, 12502, 12503, 12513, 12516 12517, 12521, 12523, 12526, 12529, 12530, 12534, 12541, 12544

12534 has the highest number of youth served although youth throughout the county are served. The Family Support Program targets the historically underserved areas within the Hudson City School District, as well as surrounding municipalities in Columbia County. According to the most current American Community Survey the families living in poverty in the City of Hudson is 23% as compared to 10.1% in Columbia County as a whole, with those not born in the Unites States having an even higher poverty rate of 28.6%. The ethnic breakdown of the City of Hudson is 59% white, 25% African American, 7% Asian, 8% Hispanic and 5% identify as of multiple races compared to Columbia County as a whole with the under 18 population being 78% White, 9% Black/African American, less than 1% Native American/Alaskan, 3% Asian/Pacific Islander, 10% Hispanic. The number of youth in detention from Columbia County were 3 African American males from the Hudson City School District, two from the City of Hudson and one from a smaller town outside of the city proper. Two of the youth are known to the Department and had been receiving services through the Department and STSJP programming.
 - The Family Support Program targets the historically underserved areas within the Hudson City School District, as well as surrounding municipalities in Columbia County. According to the most current American Community Survey the families living in poverty in the City of Hudson is 23% as compared to 10.1% in Columbia County as a whole, with those not born in the Unites States having an even higher poverty rate of 28.6%. The ethnic breakdown of the City of

Hudson is 59% white, 25% African American, 7% Asian, 8% Hispanic and 5% identify as of multiple races compared to Columbia County as a whole with the under 18 year old population being 78% White, 9% Black/African American, less than 1% Native American/Alaskan, 3% Asian/Pacific Islander, 10% Hispanic.

There is no public transportation anywhere in the County and this creates barriers to service provision. Lack of affordable housing is a major challenge as well. In the County as a whole, 72% of the population live in rental units. 57% of them are classified as cost-burdened as they pay 30% or more of their income on rent. Recent numbers show that while access to affordable housing is on the rise, there remains a significant wait list for Section 8 housing and the lack of transportation makes it difficult to link families, jobs and services. The number of homeless students in the Hudson City School District is the highest in the County schools. Unemployment in the County is 7.3% which is lower than the rest of the State total but is increasing. Most jobs are in the service sector and can be classified as part-time.

In the past several years, the graduation rate for Hudson High School has improved to 81% above the NYS standard of 80 percent and the dropout rate has decreased, which can be attributed to programs such as this one. However, the number of JD and or PINS children who reside In the Hudson City School Districts is disproportionately high compared with the rest of the County as the only detention placements are students from the Hudson City School District. This STSJP program targets the Hudson City School District specifically related to the at risk JD and PINS population from that District. The Program is able to assist youth and families with access to services in the home and community, by making referrals, connecting to community providers, providing transportation, tutoring and focused services specific to the youth's needs.

2. Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan.)

Race/Ethnicity	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	949	9	1	0	0	0
White	7828	78	0	0	0	0
Native American/Alaskan	29	0	0	0		
Asian/Pacific Islander	292	3	0	0		
Hispanic	988	10	1	0	0	0

Sex Assigned at Birth	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%

Female	4748	47	0	0	0	0

b) If you identified any disparities when comparing youths' representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

Columbia County continues to have a local priority on reducing the over-representation of African American youth in the child welfare system, including detention and residential placement. The County has had Implicit Bias trainings for

providers and community agencies in the past. The County is now working again on this issue and has established a team to look into this issue within the Agency and contract providers. We continue to participate in various community teams that focus on these targeted youth and all youth in the identified school district. There is an out-of-school network that meets regularly to plan for pro-social programming and works to identify disparities in the community. In recent years, the County has seen a significant reduction in admissions to detention and residential placements. However, the children being placed still represent a disproportionate number are African American children. The children placed residentially through the JD/PINS system in this past year were all African American or Hispanic and are from the Hudson City School District. Therefore, 100% of Columbia County's detention population is African-American or Hispanic. For Columbia County as a whole, the demographics include 78% white and 9% African American. The demographics for the School District are listed above and vary from the County as a whole. However, the youth in detention do not represent either the demographics of the County or District.

The Family Support Program provides Case Management/Family Support Services to the Hudson City Schools and surrounding areas, where the vast majority of African American children reside and attend schools. In addition, due to the lack of affordable housing many families are being forced to move outside of the City of Hudson. This creates a concern for having accessibility to services for those children that are moving out of their home districts. These services can help serve those populations.

The program helps address the disparity in a variety of ways. It targets the underserved populations in the Hudson area. It increases protective factors and reduces the risk of youth engaging in high risk behaviors. It helps share services and provide access to those services and pro-social activities while supporting families.

B. LOCAL COLLABORATION

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

There is ongoing support for continuance of the Family Support Program through the use of STSJP funds. The shift from focusing on alternatives to detention and placement has allowed for more attention on primary prevention efforts. Columbia County's continued reduction in the number of detention admissions and residential placements has supported this shift. The Intensive Prevention Network Team with representation from DSS, Mental Health, Probation, Schools, Voluntary Agencies and not for profit agencies meet on a regular basis to discuss and address service gaps, collaboration and program development.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Families are introduced to the program and given the FANS (Family Assessment of needs survey) at the beginning. Needs are identified by the family and youth. Regular evaluations are performed throughout the program. Goals are set and when reached assessed for additional goals or closing. Those families and youth participating in Strengthening Families use the standardized SFP Parent Interview Questionnaire with client satisfaction and recommendations for SFP improvements added for the Follow-up Parent Interviews. The SFP Children's Interview Questionnaire is used in the same way for the youth.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the municipality implementation plan to develop such feedback mechanisms during PY 2021-2022. The Program is set up to increase Protective Factors and reduce the risk factors that lead to both substance abuse and youth depression. Families will fill out pre and post surveys as well as a closing survey to evaluate their experience and assess the program. MHA will use a self assessment tool to continually evaluate the STSJP program. All families are invited to participate in the Strengthening Families Program. The program will evaluate at the beginning, in the end and at 1 year the Family Relationships, including family conflict, communication, cohesion and organization. Additionally, parenting, including parenting style, discipline, monitoring and parenting self-efficacy will be evaluated. These Children's social skills and resiliency, grade, aggression, depression, and conduct disorders will be evaluated, together with association with using or anti-social peers, childrens and parents tobacco, alcohol, and other drug use. All data collected will be reviewed and program adjustments and changes will be considered. The County plans to incorporate information from this program feedback into STSJP Plan development for the next program year.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes No
 If yes, please describe how the plan incorporates that feedback; if no, please describe the municipality implementation plan to develop such feedback mechanism during PY 2021-2022.
 The program has collected information of high needs throughout the community through other programs such as the Youth Clubhouse (an OASAS program), school based family support and the Child Advocacy Center.

C. COOPERATIVE APPLICATION (COMPLETE THIS SECTION ONLY IF THIS IS A JOINT APPLICATION.)

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?
 Yes (If Yes, please provide their contact details below.)
 No (If No, skip to Q4.)

Officer's Name:	Title:
Phone: ()	Ext:
	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

4. Describe the program, including how it is family focused. If you answered “Yes” to Q1 (FSS), be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the STSJP Annual Plan Development Guide for additional guidance.)

Mental Health Association of Columbia and Greene Counties has several strength based programs that provide service for children and families. The programs will serve at risk youth with no juvenile justice involvement but have characteristics that place them at risk for PINS or juvenile justice contact via a JD for both RTA and non-RTA. These programs utilize prosocial activities that engage at-risk youth to lower the risk of youth entering the juvenile justice system. They will provide support to the target populations for mental health disorders, substance abuse problems, or learning disabilities that contribute to such youth being at risk for detention, residential placement, or return to detention or residential placement. These services are provided through the MHA’s Children and Families Division. The services under this program were designed to provide services to children and families with a goal of preventing the adjudication of the child in PINS and prevent out of home placement as well as preventing a petition from being filed under Article 7 of the Family Court Act, as well as preventing at risk youth from entry into the system related to juvenile delinquency under either RTA or non-RTA. All services will be trauma responsive, family focused, gender-responsive and evidence based and Strength based. Services are provided during hours convenient to the family including nights and weekends and until the family members achieve their established goals and are linked to any other appropriate services to maintain their health and safety. During home visits, the family support specialist provides counseling, budget and nutrition information, parent education and modeling, respite and mentoring can also be provided. Youth will have access to a certified Youth Peer Advocate (YPA).

The program offers comprehensive services to the children and their families that include:

- Family assessment and screening through our Certified Family Peer Advocate (FPA),
- Crisis management and intervention through our Mobile Crisis program and family support specialist.
- Family mediation and skill building. All families will be offered to participate in Strengthening Families, an evidence based skill building and education program for youth 5-17 and their families.
- Mental and Behavioral Health services: The case manager will provide referrals to the youth and family for mental and behavioral health services utilizing Health Homes, school based educational advocacy and other services through REACH and the Child Advocacy Center (CAC).
- Case management and other Family Support serves to the program offering families an array of supportive services it also may include transportation; tutoring; and availability of flex funding to address barriers the family may be facing. All services are based on six areas: Empower families to make informed decisions through information, sources, services and supports. Support families based on the strengths and needs and assist with needs that may be barriers. Facilitate meetings between families and service providers and school. Assist in gathering, organizing and preparing documents needed for services. Support a productive and respectful partnership assisting families to express their strengths, needs and goals. Support and assist during stages of transition. Promote engagement and supports as families’ needs and services change. Supports families in caring for and strengthening their children’s mental, physical health and well-being. Assist family practice strategies to support child’s positive behavior. Provide emotional support to reduce isolation, stigma, blame and hopelessness. Link and provide workshops on parenting that are matched to families’ individual needs.
- Respite and Youth Mentoring through this program as well as referrals to other MHA respite and mentor programs.

The STSJP program will continue to provide Outreach and Information to make informed decisions regarding the nature of supports for themselves and their child through sharing information about resources, services

and supports and exploring what might be appropriate for their child and family; exploring the needs and preferences of the family and locating relevant resources. Help families understand eligibility rules; helping families understand the assessment process and identifying their child’s strengths, needs and diagnosis. Develop resource directories to identify relevant formal services and informal resources for families. Conduct general and individual outreach in the community to raise awareness, reduce stigma, and engage families in services. Assist with unmet needs. Engagement, Bridging and Transition: Support based on the strengths and needs of the youth and family, connect them with appropriate services and supports. Assist families with needs that may be a barrier to moving forward. Accompany the family when visiting programs. Facilitate meetings between families and service providers. Assist the family to gather, organize and prepare documents needed for specific services. Address any concrete or subjective barriers that may prevent full participation in services. Serve as a bridge between families and service providers, supporting a productive and respectful partnership by assisting the families to express their strengths, needs and goals. Support and assist families during stages of transition which may be unfamiliar (e.g.: placements, in crisis, and between service systems etc.). Promote continuity of engagement and supports as families’ needs and services change. Self-Advocacy, Self-Efficacy and Empowerment. Advocate on behalf of and in collaboration with families to promote shared decision-making. Regularly consult with families and providers to ensure that the family’s perspectives are included in all planning and decision-making. Coach and model shared decision-making and skills that support collaboration and model strength-based interactions by accentuating the positive. Support the families in discovering their strength and concerns. Assist families to identify and set goals and short-term objectives. Prepare families for meetings and accompany them when needed. Empower families to express their fears, expectations and anxieties to promote positive effective communication. Assist families to frame questions to ask providers. Provide opportunities for families to connect to and support one another. Support and encourage family participation in community, regional, state, national activities to develop their leadership skills and expand their circles of support. Community Connections and Natural Supports: Enhance the quality of life by integration and supports for families in their own communities. Help the family to rediscover and reconnect to natural supports already present in their lives. Utilize the families’ knowledge of their community in developing new supportive relationships. Help the family identify and get involved in leisure and recreational activities in their community. In partnership with community leaders, encourage families who express an interest to get more involved in faith or cultural organizations. Arrange support and training as needed to facilitate participation in community activities. Conduct groups with families to strengthen social skills, decrease isolation, and provide emotional support. Connect youth with at least one positive role model. Encourage and facilitate community engagement. Parent Skill Development & Support the efforts of families in caring for and strengthening their children’s mental, and physical health, development and well-being of their children. Helps the family learn and practice strategies to support their child’s positive behavior. Assist the family to implement strategies recommended by clinicians (e.g. medication management, behavior support, crisis plan) and talk to clinicians about their comfort with these plans. Provide emotional support for the family on their parenting journey to reduce isolation, feelings of stigma, blame and hopelessness. Link to and provide workshops and courses on parenting that are matched to families’ individual needs.

5. Is the program capable of being replicated across multiple locations? Yes No

C. PROGRAM 1 PERFORMANCE HISTORY (REFER TO YOUR MUNICIPALITY’S STSJP DATA FILES.)

1. What, if any, funding did this program receive in PY 2020-2021? If the program was approved in PY 2020-2021, but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type								Total

STSJP-RTA	4	0			0	0	0	0	4
Total	37	0	0	0	0	0	0	0	37

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:

Aligned with capacity for funding

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type

STSJP-RTA	0.00	0.00			0.00	0.00	0.00	0.00

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The length of stay for all program youth has helped them be successful and keep the youth in their community. The length of stay is consistent with the other programming and that the youth stay in the program through successful completion. Discussions with the program have occurred to ensure that length of service is not necessarily extended and based on changing goals and needs of the family.

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?

Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?

Youth were maintained at home and in the community. There was an increase in protective factors with youth participating. It was reported that there was an improvement in Family Relationships, including family conflict, communication, cohesions, and organization, improved Parenting skills, including parenting style, discipline, monitoring, parenting self-efficacy. Youth reported that there was an improvement in social skills and resiliency, grades, Children's aggression, depression, and conduct disorders, association with anti-social peers, alcohol, and other drug use. Youth and families were referred to services such as counseling, therapy and respite.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?

PART III – Goals for PY 2021-2022

Please set the municipality’s goals for its programs to achieve in PY 2021-2022. State-required outcomes have been included with space for you to identify what programs in **Part II-Program Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
